

ŚWINO UJŚCIE

ŚWINOUJŚCIE
WYSPIY MOŻLIWOŚCI

The project "Anchor safely in the land of 44 islands" is co-financed by the European Union from the resources of the European Regional Development Fund and the state budget (Small Project Fund within the framework of the Interreg V A Cooperation Programme Mecklenburg-Vorpommern/ Brandenburg/Poland in the Euroregion of POMERANIA)"

NORTHERN BASIN MARINA IN ŚWINOUJŚCIE

53°54'48"N 14°16'28"E

Northern Basin Marina has 350 berths for yachts with a draught up to 4.5 m, a special berth for water scooters and a 360-meter-long quay, where vessels up to 220 m long can moor. It offers access to electricity and water directly on the piers, use of toilets and showers, collection of solid and liquid waste and access to wireless Internet. There is an automatic washing machine and clothes dryer at sailors' disposal. Safety of the berth is ensured by round-the-clock petty officer service and a functioning video surveillance system. Northern Basin Marina is the biggest and most frequently visited marina in Poland.

ŁUNOWO MARINA

53°52'54"N 14°19'36"E

Łunowo Marina is located on the Great Struga River - a distributary channel of the Old Świna River, on the border of the Wolin National Park. It is an ideal place for those who appreciate peace and contact with nature. It has 60 berths for yachts up to 8 m long and up to 2 m draught. Two piers are dedicated for canoes and other floating recreational equipment. It offers access to electricity and water directly on the piers, use of toilets and showers, collection of solid and liquid waste and access to wireless Internet. The marina has a barbecue area with facilities for washing dishes and preparing meals. Sailors have an automatic washing machine and clothes dryer at their disposal. Safety at the marina is ensured by round-the-clock boatswain's service and functioning video surveillance system.

KARSIBÓR MARINA

53°51'03"N 14°17'26"E

Canoe marina is located in Karsibór on the Old Świna River. It is a marina where you can moor not only a canoe, but also a small boat. On the pier there is a payable electricity supply point (payment with coins using a coin-operated machine on the amenity building). In the building there is a self-service, payable toilet and a baby changing table. Additionally, the marina has a children's playground, a sink, a canoe rack and a concrete slip. Use of the marina, except for electricity and the restroom, is free.

RYBACZÓWKA

53°51'05.75"N 14°17'27.48"E

There is a small fishing port on premises Rybaczówka. Thanks to that, you can bring your own boat. The proximity of the port also guarantees daily delivery of fresh fish to our kitchen, smokehouse and fish stand located in Rybaczówka.

Around the Regressive Delta of the Świna River there are such picturesque towns as: Karsibór, Przytór, Łunowo, Zalesie, Wicko or Lubin, which can be admired directly from a boat or a canoe. It is worth going on an organised cruise around Świnoujście on the boat called "Rybaczówka" or going on your own trip, by boat or by canoe.

KOTWICA YACHT CLUB

53°90'28" N 14°24'50" E

In the offer of Kotwica Yacht Club sailing enthusiasts can find yachts from well-known manufacturers: Conrad, Delphia, Jeanneau and Bavaria. The yacht charter offer on the Baltic Sea, is addressed to both beginners and more experienced sailors. Professionally configured and prepared for cruise yachts and motorboat RIB are at your disposal. Those who are not certified will be assisted by a skipper delegated to the cruise from Kotwica Yacht Club. During the cruise each participant acquires both practical and theoretical knowledge of sailing, which can be used to obtain a sailing or motorboat license during courses and exams held periodically at our club.

4 WIATRY YACHT CLUB

53°55'03"N 14°16'51"E

Jacht Club "Cztery Wiatry" was established in 1958 and was the first to start the history of Polish sailing on the Baltic islands of Wolin and Uznam. The charming marina is situated on Uznam Island, on the western side of the Świna River, opposite the lighthouse. The marina is well sheltered from the wind and waves and provides comfortable conditions for yachts to be moored. Entering the marina is not easy because of the shallows. The maximum draught of the yachts which can moor in the basin is 1.5 metres, the average depth varies from 1.5 to 1.8 metres.

The marina is equipped with electricity, water, toilets and showers. On site you can rent guest rooms and use the crane for a small fee. There is an engine repair shop on the premises of the club.

WOLGAST MARINA

54°03'27"N 13°47'02"E

Our Schlossinsel marina is located at the northernmost tip of Schlossinsel and offers 75 sheltered berths for boats with permanent or one-time moorings. The panorama of the Peenestrom and the draw-bridge invite you to finish your day under sail on shipboard. Sanitary service, drinking water and electricity at the quay are bleeding obvious for us. Our offer is completed by a bistro with hot and cold meals and a nautical shop, offering a wide range of boat accessories and spare parts. The marina is located on the grounds of the Horn shipyard in the northern part of Schlossinsel Wolgast. It offers an additional 40 berths, fixed berths and the possibility of winter storage.

ZINNOWITZ YACHT CLUB

54°03'46"N 13°55'02"E

The modern natural harbor on the Achterwasser with its 91 berths is located within walking distance of the beach. In recent years the harbor of Zinnowitz has been renovated and extended with resting places on the sea lane. Today it offers all guests the services of a modern marina. The restaurant, the barbecue area, the natural surroundings and the nearby Baltic Sea invite you to have a stopover. Arriving boats will find berths in the marina on the port side, for drafts between 1.5 and 2.5 meters. The quay which is 30 metres to the northwest is reserved for passenger ships.

KRUMMIN MARINA

54°02'42"N 13°50'54"E

The beautifully situated harbor of Krummin is located in the north-west of Usedom Island, in the northern part of the Krumminer Bay. Guests will find sufficient berths for drafts between 1.5 to 2.5 meters in berths up to eight metres wide. In the case of larger vessels, the harbormaster should be contacted in advance if possible.
